Eternal Reefs, Inc. Policy Statement

Permits/Locations

A) If for any reason we are unable to place an Eternal Reef at the selected location and the Eternal Reef has not yet been cast, the family will be offered the opportunity of being included with any other comparable placement.

B) If the Eternal Reef has been cast, and for any reason we are unable to place the reef at the selected location, the family may choose another location from any of our standard placements. Eternal Reefs Inc. will be responsible for any additional costs associated with the transportation and final placement of the Eternal Reef.

After placement

Eternal Reefs have a long and tested history of stability during storms. Eternal Reefs will make every reasonable effort to place the Eternal Reefs so that they will not be affected by storms or the impacts of boating activities or any other maritime activity or accident. Under no circumstances will Eternal Reefs, Inc. be held responsible for any damage or relocation of Eternal Reefs after placement.

Multiple sets of remains

1. The Aquarius Eternal Reef is designed for a single person and a pet
2. The Nautilus Eternal Reef is designed for up to two people and pets
3. The Mariner Eternal Reef is designed for up to four people and pets

Timeframes

Eternal Reefs will make every reasonable effort to assure timely casting and deployments of all Eternal Reefs. Permitting and tentative timeframes for casting and deployment will be discussed with the family with the understanding that these are construction projects that can be delayed by weather or other factors beyond our control.

Broken Units

Rarely Eternal Reefs may break during transportation. In the unlikely event this should happen, Eternal Reefs, Inc. will, at its expense, recast the Eternal Reef from pieces of the original Eternal Reef. Eternal Reefs' liability is limited to the cost of recasting the Eternal Reef and final transportation.

All policies are subject to amendment or change without notice.
